that will last forever,
for both you and your guests.*

We hired Smashbooth for our wedding at Legends Ranch this past April. They were fantastic! They answered every email promptly and the two people who ran the booth were professional and friendly. They even kept the booth open late as none of our guests made their way over until an hour past the booth had opened. The photos turned out great and our guests loved it. If you are considering a photo booth for your event I highly recommend Smash Booth! They made it so easy and it was one of the best decisions we made for our wedding.

Loved these guys! They were amazing through the whole booking process and I didn't have to worry about anything. I chose Smash Booth because of their great reviews and now I know why they have such great reviews. They are the best, I highly recommend smashbooth. Thank you for making my day so special and memorable!
